Backup material for agenda item:

- b. Consideration of November 2016 ambulance contractual obligation adjustments and bad debt adjustments.

City of Junction City

City Commission

Agenda Memo

December 9, 2016

From: Kelly Heindel, Administrative Secretary II
To: City Commission and City Manager
Subject: **November 2016 Ambulance Adjustments**

Objective: Approval of ambulance contractual obligation adjustments and bad debt adjustments.

Explanation of Issue: Contractual obligations are required write-off adjustments by contractual insurance providers such as Medicare, Medicaid, Blue Cross, etc. Bad debt adjustments are accounts in which we have exhausted billing efforts to collect. After the bad debt adjustments, these accounts are forwarded to a collection agency and the Kansas Setoff Program.

Budget Impact:

Contractual Obligation Adjustment	\$ 44,030.03
Bad Debt Adjustment	\$ 27,280.17

Alternatives: It appears that the City Commission has the following alternatives concerning the issues at hand. The Commission may:

1. Approve ambulance contractual obligation and bad debt adjustments in the amounts listed.
2. Disapprove ambulance contractual obligation and bad debt adjustments in the amounts listed.
3. Modify the proposal...
4. Table the request.

Recommendation: Staff recommends approval of adjustments as listed

Enclosures:

Subject: Board Appointment for Cecil Aska and Re-Appointment for Jeff Underhill
Importance: High

Good Afternoon Shawna,

Please find attached, an email from Jeff Underhill to be reappointed to JCHA's board of commissioners. Jeff is JCHA's current Board Chair and his term is set to expire on January 31st, 2017. He would like to request to be reappointed to JCHA's board for another term. Jeff has been a very great asset to Junction City Housing Authority and its staff. Having him serve JCHA and the community on our board again would be a great benefit.

Also attached, you will find a Board Interest Form submitted to me this last week from Cecil Aska. Phyllis Fitzgerald served on JCHA's board of commissioners and her term expired on October 31st, 2016 leaving an open position on JCHA's board. Cecil would be a very good candidate to fill the open position left by Phyllis. I and the rest of the board feel that Cecil would be a huge asset to have serve on our board again since he has served in years past and brings a lot of experience and expertise to the table.

If you could please get both of these appointments in the next available City Commission's meeting agenda, it would be greatly appreciated.

Jeff's current term expires on January 31st, 2017. So, his new term of course would begin on February 1st, 2017, go four years and expire on January 31st, 2021.

Cecil's term can begin January 1st, 2017, go four years and expire on December 31st, 2020.

If you have any questions or need any further information from me for these appointments, please do not hesitate to contact me.

Thank you so very much for your assistance with getting this taken care of for us!

Amanda K. Sims

Housing Authority Board of Commissioners Interest Form

Name Cecil Aska

Date 11/29/2016

Address 302 N. Kiowa Ct.

Telephone (785) 238-2122 (Home) N/A (Work) (785) 375-1483 (Cell) _____ (Other) _____

Occupation Retired District Court Administrator / General Manager Junction City Brigade

The Junction City Housing Authority Board of Commissioners governs all business of the Junction City Housing Authority.

Following is a list of questions, which will allow the Mayor and City Commission to appoint the most qualified citizens to this Board. You are encouraged to attach to this Interest Form another sheet to respond to the questions below, if needed, and an Interest Letter.

- Please state why you are interested in serving on this Board.
- Please specify what expertise, experience, and/or capabilities you would bring to this Board?
- What would you like to accomplish while serving on this Board?
- How will you accomplish this?
- What other boards (city, county, school, hospital, etc.) are you currently serving on?
- What other boards (city, county, school, hospital, etc.) have you served on in the past?

RESPONSE TO QUESTIONS

Please state why you are interested in serving on this Board.

I have served on the JCHA Board in the past and would like to serve again. I would like to continue to help make the JCHA a viable agency and continue to meet the needs of this community.

Please specify what expertise, experience, and/or capabilities you would bring to this Board?

As stated I served on this Board previously so I bring that knowledge/history. I believe my past experience as a District Court Administrator, and the knowledge I have acquired in working with State and Federal rules, regulation, guidelines and policies over the years would be an assist in keeping JCHA successful.

What would you like to accomplish while serving on this Board?

I would like to assure that the JCHA remains a creditable agency on both the state and federal levels and continues to provide quality affordable well maintained housing.

How will you accomplish this?

By attending Board meeting, conference with the director and staff, review of program audits and holding management and staff accountable.

What other Boards (city, county, school, hospital, etc.) are you currently serving on?

Junction City First, Geary Community Healthcare Foundation, Geary Community Hospital Advisory Board, Live Well Geary County and the Junction City Community Baseball Club.

What other Boards (city, county, school, hospital, etc.) have you served on in the past?

Junction City Commission, Flint Hills Regional Council, Junction City Chamber Board, Junction Animal Shelter and JCHA.

Please return this Interest Form to: City Clerk's Office, Municipal Building, 700 N. Jefferson Street, Junction City, Kansas 66441.

When a vacancy on the Junction City Housing Authority Board of Commissioners occurs, the City Clerk will review the Interest Forms on file. If your form is selected, you will be contacted to confirm current interest in serving on this Board before an appointment is made. If you wish additional information, please contact the City Clerk's Office at 785-238-3103 or the Junction City Housing Authority Administrative Office at 785-238-5882.

THANK YOU FOR YOUR INTEREST IN SERVING THE CITY OF JUNCTION CITY!

Below is a description of the role of a Housing Commissioner:

- Maintain regular attendance at Board meetings and functions.
- Set policies that govern the operations and chart the direction of current and future programs.
- Provide leadership and advocate for public housing programs.
- Ensure proper reviews and audits are completed within HUD's regulations.
- Hire a qualified Executive Director to manage day to day operations.
- Ensure financial solvency through the Operating Budget and the establishment of policies to prevent fraud, abuse, mismanagement, and discrimination.
- Work with staff, residents, news media, federal, state, and local government officials, and the community.
- Maintain the highest standards regarding conflicts of interests, confidentiality, and ethics.

It is our policy to provide individuals with disabilities an equal opportunity to participate in, and enjoy the benefits of our services, programs and activities. In order for us to provide a reasonable accommodation, we ask that you request what assistance is desired by contacting the Junction City Housing Authority, 1202 Country Club Lane, Junction City, Kansas, 66441-3205, or call (785) 238-5882. We are here to assist you

Backup material for agenda item:

- c. City Appointments to the Economic Development Advisory Committee (EDC)

City of Junction City

City Commission

Agenda Memo

12-15-2016

From: Allen J. Dinkel, City Manager

To: Governing Body

**Subject: City Appointments to the Economic Development
Advisory Committee (EDC)**

Objective: City Commission to appoint representatives to the Economic Development Advisory Committee (EDC).

Explanation of Issue: Due to the recent in the Master Agreement between the City, Geary County, and the Junction City Area Chamber of Commerce the City will now make two appointments to the EDC for two-year terms. To begin the process however the City will appoint one person to a two-year term and one person to a one-year term. Beginning in 2018 all appointments to the EDC will be for a two-year term.

A request for persons interested in serving on the EDC was made and presently there three are persons interested in the position. These are: Graham Foust, Ben Kitchens, and Mark Powers. .

Budget Impact: Not applicable

Staff Recommendation: The appointment is a decision of the Governing Body. I move to appoint _____ to a two -year term to the expiring on December 31, 2018 and _____ to a one-year term expiring on December 31, 2017 to the Economic Development Advisory Committee.

Attachments: Letters of interest from those interested in being appointed to the EDC.

Dinkel, Allen

From: Graham Foust <gfoust@ksstate.bank>
Sent: Thursday, December 08, 2016 4:35 PM
To: Dinkel, Allen
Subject: RE: EDC Appointment

Thank you Allen for your kind remarks.

I have enjoyed and felt honored to represent the City of Junction City on the EDC Advisory Committee the past two years.

I would be honored to be appointed to serve as a representative again for the City, if the City Commission so should choose to do so.

I am also aware that we have two excellent representatives that previously were appointed by the City to also represent the City to the Advisory committee.

These two businessmen I am sure will still represent the City very well, and if they should seek reappointment and you should choose them, I certainly understand and agree with the Commission.

The EDC has had a very interesting two years since I have been on the commission. Actually my life has been amazing at times as well, and I can see great times ahead for our area. Well let me refocus, I think great times are actually the luck of the economy, the luck of hard work, the luck of many external factors. I think great times can be brought about with many ideas. Great times can be economic, personal relationships, and opportunities taken when presented and hopefully we will know when they are presented.

I have a wife, father of BSN daughter in Arizona, father of NP daughter in Derby, KS, father of deceased Social Worker daughter in Wichita, grandfather of four. Lived and worked in Junction City since 1998. Have lived and worked in Kansas, Colorado, and Nebraska as an employee in Banking.

Probably busy enough with 8 year old grandson and his activities that tend to increase as he gets older, but certainly willing and excited to represent you if so needed.

Subject: EDC Appointment

This message originated from an external source.

Graham, first of all, Thank-you for serving on the EDC Advisory committee representing the City of Junction City.

As you know due to the amendments made to the Master Agreement, the City will now appoint two, instead of three, people to the EDC Advisory committee. The current terms will cease and the City Commission will make an appointment for a two year term and one for a one year term, that will be followed by a two-year term.

Please let me know by Wednesday, December 14 if you would like to be considered for an appointment. You may respond by e-mail and include any comments you wish to make about yourself and the reason and qualifications to serve on this committee.

Please let me know if you have any questions.

Subject: EDC Committee Appointment
Attachments: EDC Bio.PDF

Allen,

I'd like to be considered for appointment to the EDC and have attached my civic bio.

While things have been in a holding pattern for some time, I do see great potential ahead. I believe we have positioned ourselves for success with the right tools in place and look forward to 2017 with expectations of good things happening with the new EDC director starting January 3. I'd like to be a part of that process and feel I have a lot to give by being a member of the EDC.

Should the commission decide to go in another direction, I will continue to be supportive in the efforts to create jobs in our community. Thanks in advance for the commission's considerations.

Regards,

Ben Kitchens

Subject: Re: EDC Appointment

Hi Allen,

Being the 4th generation Junction Citian I have a true desire to see Junction City do well. Being a multi-business owner in our fine city I know the trials and tribulations of running small businesses and can add value to people looking to locate or expand in JC.

I believe I bring value with knowledge, honesty and compassion.

With all that being said Allen, I also appreciate the city picking or choosing me to be on the EDC board. I hope that I have represented the city in fine fashion and would like to continue.

Best wishes for a great Christmas and a profitable New Year.

Warmest regards

Mark

Mark, first of all, Thank-you for serving on the EDC Advisory committee representing the City of Junction City.

As you know due to the amendments made to the Master Agreement, the City will now appoint two, instead of three, people to the EDC Advisory committee. The current terms will cease and the City Commission will make an appointment for a two year term and one for a one year term, that will be followed by a two-year term.

Please let me know by Wednesday, December 14 if you would like to be considered for an appointment. You may respond by e-mail and include any comments you wish to make about yourself and the reason and qualifications to serve on this committee.

Please let me know if you have any questions.

City of Junction City

City Commission - Agenda Memo

Meeting Date: December 20, 2016

From: Cheryl S. Beatty, Assistant Manager/Finance Director

To: City Commissioners and Allen Dinkel, City Manager

Subject: **2016 Budget Amendments – Request for approval.**

Objective: Approval of 2016 budget amendments.

Explanation of Issue: Presented in the attached document are the 2016 Budget Amendments. These amendments represent the amendments needed to meet budget statutes requiring budget expenditure authority from the City to comply with the budget statutes. Listed below are the changes with a brief explanation why an increase is needed.

<u>Budget</u>	<u>2016 Budget</u>	<u>2016 Amend Budget</u>
Debt Service (12)	\$12,776,293	\$64,276,293
- Increased for expenditures to refinance general obligation bonds.		
Capital Improvement (25)	\$ 0	\$ 250,000
- Municipal Court Project carryover from prior year.		
Employee Benefits (35)	\$ 145,000	\$ 175,000
- Increase to process new HSA Health Insurance Program.		
Water Utility (14)	\$ 5,645,888	\$ 6,145,888
- This was a new fund established to split water and wastewater utilizes		
And is increased to include expenditures for water plant design engineering that was not		
included in the original budget.		
Wastewater Utility (15)	\$11,100,146	\$ 8,816,719
- This is listed to show a split in the water and wastewater utility. When the split occurred		
Fund 15 needed to show the cash payout to Fund 14 for the split. This reflects it under		
this report, which provides transparency to the public for this transaction.		
Federal Equitable Sharing Fund (16)	\$ 0	\$ 375,000
- This is a new fund as required for federal drug forfeiture.		
US Treasury Forfeiture (17)	\$ 0	\$ 5,000
- This is a new fund for processing US Treasury forfeitures for law enforcement.		
Disaster Insurance Fund (24)	\$ 0	\$ 19,000
This is a new fund created to be in full compliance with state statutes.		
Special Law Enforcement (50)	\$ 520,884	\$ 1,020,894
- There was an increase in forfeiture funds from a previous year's case. The budget is		
increased to reflect authorization of expenditure of funds for new software for the police		
department, which was approved earlier this year.		
Trust & Agency (24)	\$ 0	\$ 4,000
- We had historically treated this as a non-budgeted fund and when we reviewed all funds		
with the Department of Administration, they indicated it should be a budgeted fund.		
Therefore, we are adding it to the formal process.		
Law Training/DARE (54)	\$ 0	\$ 20,500
- We had historically treated this as a non-budgeted fund and when we reviewed all funds		
with the Department of Administration, they indicated it should be a budgeted fund.		
Therefore, we are adding it to the formal process.		
Wastewater Capital Improvement (85)	\$ 0	\$ 8,000,000
- This was a new fund established to process the new wastewater capital improvement		
projects and tract KDHE revolving loan funds.		

Solid Waste Utility	\$ 1,753,138	\$ 2,104,780
---------------------	--------------	--------------

- This increase reflects an increase in expenditure for the purchase of one new and one used solid waste compacting trucks. There is sufficient cash in this fund for these purchases without harming any financial integrity of the fund.

Budget Impact: Each amendment is based on available cash, previously approved projects, or creation of a new fund approved by the City Commission. There is no negative budget impact.

Alternatives: The presentation of the budget amendments for publication was done at our last City Commission meeting. The City Commission may approve, modify, or disapprove the budget amendments as presented.

Recommendation: Staff recommends the approval of the budget amendments as presented.

Suggested Motion: I, _____, move to approve publication of the budget amendments as presented.
Seconded by _____.

- b. Consideration of Change Order No. 2 for the Northwest Interceptor Sewer Relocation Project at K-18 Highway and US-77 Highway.

City of Junction City

City Commission

Agenda Memo

12-09-2016

From: Allen J. Dinkel, City Manager
To: Governing Body
**Subject: Change Order Northwest Interceptor Sewer
Relocation at K-18 Highway and US-77 Highway**

Objective: Consider Change Order Request for Northwest Interceptor Relocation at K-18 Highway and US-77 Highway.

Explanation of Issue: Earlier this year the City of Junction City entered into a contract with Nowak Construction Co., Inc. of Goddard, KS for the relocation of the Northwest Interceptor Sewer at a contract price of \$1,989,571.92. Per an agreement with the Kansas Department of Transportation (KDOT), the City is responsible for 24 percent of the cost with KDOT paying for 76 percent of the costs.

Per KDOT request an additional 60 linear feet (LF) of concrete encasement was added at a rate of \$254 per LF. This additional cost of \$15,240.00 will be paid reimbursed completely by KDOT.

Change Order Number 1 was approved by me to extend the number of days due to the weather conditions this year. No additional changes in the contract price were due to that change order.

Budget Impact: There will be no additional cost to the City due to 100 reimbursement by KDOT.

Staff Recommendation: Approve Change Order No. 2. I move to approve Change Order #2 for the Northwest Interceptor Sewer Relocation at K-18 Highway and US-77 Highway with Nowak Construction with the Kansas Department of Transportation being responsible for the additional cost of \$15,240.00

Attachments: Change Order No. 2

00430
CHANGE ORDER

Order No. Two (2)

Date: December 5, 2016

Agreement Date: March 3, 2016

Name of Project: Northwest Interceptor Sewer Relocation at K-18 Highway and US-77
Highway Junction City, Kansas

Owner: City of Junction City, Kansas

Contractor: Nowak Construction Co., Inc.

The following changes are hereby made to the CONTRACT DOCUMENTS:

Justification: **Per KDOT Request: Additional 60 LF Concrete Encasement;**
\$254.00 x 60 LF = \$15,240.00.

Change to CONTRACT PRICE:

Original CONTRACT PRICE: \$ 1,989,571.92

Current CONTRACT PRICE adjusted by previous CHANGE ORDER: \$ 1,989,571.92

The CONTRACT PRICE due to this CHANGE ORDER will be increased by: \$ 15,240.00

The new Contract Price including this CHANGE ORDER will be \$ 2,004,811.92

Change to CONTRACT TIME:

The CONTRACT TIME will be increased by 0 calendar days.

The date for completion of all work will be October 24, 2016 (Date).

Requested by: Nowak Construction Co., Inc. Megay D. Post 12/07/16

(Signature) (Date)

Recommended by: Kaw Valley Engineering, Inc. Gene Sch 12/07/16

(Signature) (Date)

Accepted by: City of Junction City, Kansas

- c. Consideration of the Access to Property Agreement with the Kansas Department of Health and Environment (KDHE)

City of Junction City

City Commission

Agenda Memo

12-12-2016

From: Allen J. Dinkel, City Manager

To: Governing Body

Subject: Access to Property Agreement with the Kansas Department of Health and Environment (KDHE)

Objective: The Kansas Department of Health and Environment (KDHE) is requesting permission to collect Groundwater Samples on City Right-of-Way.

Explanation of Issue: In November of 2015 KDHE reported they were working on a project to discover the source of the volatile organic compound tetrachloroethylene (PCE) in groundwater near the intersection of Grant and Franklin. The City Commission approved their request to gain access to the City's road right-of-ways to collect groundwater samples.

The assessment program is assessing contamination attributed to the former USDA grain storage bins at 201 and 203 Grant Avenue. Attached is a map of the area where gathered samples in 2015. They include Grant Street east of Washington, the former railroad area south of Grant Street, the alley east of Washington between 15th and Home Streets, 17th Street east of Washington, and 15th Street east of Washington.

In August KDHE again requested access to City road right-of-ways to collect groundwater samples. The original site last year was looking at the former USDA grain bins and they were looking for the grain fumigants carbon tetrachloride and chloroform. However, they also found tetrachloroethylene (PCE) in the groundwater.

They are now requesting permission to access City Right-of-Way. Last week Nicholas Schneider of KDHE wrote:

I'm writing to give you an update on our groundwater sampling and ask for more access. I've attached a figure (Figure 4- PCE Map) which shows approximately what we're dealing with. The plume extents are a bit stylized and there is some guesswork since we don't have enough data to really paint an exact picture. The areas in orange contain PCE above the drinking water standard (EPA's Maximum Contaminant Level) and the yellow area has PCE below the MCL. We believe we have identified a couple of sources from that first round of sampling but we know there are more. For that reason, we need to go back out and collect additional groundwater samples. I've attached a map (PA Sampling Plan Figure 3) which shows our intended groundwater sampling locations for the next sampling event (orange dots).

Budget Impact: There is no cost to the City.

Staff Recommendation: I recommend approval so the contamination can be identified and ultimately remediated.

Attachments: Access to Property Agreement; Proposed sampling locations; Map showing contamination plumes; Map of August 2016 sampling locations; Map of 2015 sampling locations.

ACCESS TO PROPERTY AGREEMENT - ASSESSMENT

Kansas Department of Health and Environment (hereinafter referred to as "KDHE") hereby enters into the following Access to Property Agreement with

City of Junction City

(Property Owner(s))

(hereinafter referred to as "Owner") regarding access to subject property more specifically described as:

With an address of See Attached Map, Junction City Kansas.
(Street Address) (City)

The terms of this Access to Property Agreement are as follows:

1. The Owner of the above described property grants access to KDHE, its employees, agents, assigns, or contractors for the terms and conditions of the work set forth below.
2. The KDHE, its employees, agents, assigns, or contractors shall conduct assessments and/or subsurface investigation work on the subject property which may include reviewing information, inspecting the premises, examining and gathering data, boring and/or drilling holes, collecting soil, water, and air samples, and other actions related to environmental investigations which are determined by KDHE to be necessary (See attached Scope of Work).
3. KDHE assures the owner that prior to termination of this Access to Property Agreement, all materials and equipment shall be removed from the subject property and the property restored, as nearly as reasonable possible, to the condition it was in at the time this Access to Property Agreement was executed.
4. KDHE, its employees, agents, assigns, or contractors shall comply with all city, county, state, and federal laws, statutes, regulations, and ordinances that may affect or pertain to the environmental activities conducted on the subject property.
5. Other than the activities specified above, no further access to or use of the subject property shall be permitted except upon written consent of the parties, which consent shall not be unreasonably withheld.
6. By signing this Access to Property Agreement, KDHE hereby represents and warrants that its contractor have adequate insurance or other financial assurances to protect and safeguard the Owner and personal and real property in accordance with the terms of this Access to Property Agreement.
7. KDHE will be solely responsible for the proper disposal of all investigative derived wastes created during KDHE's assessment and/or investigation activities.
8. KDHE will not be liable for any act or omission of its employees, agents, assigns, or contractors beyond that liability granted by the Kansas Tort Claims Act, K.S.A. 75-6101 et seq.

9. The parties signing below warrant that they have authority to enter into the Access to Property Agreement. The owner specifically warrants that s/he is owner in fee simple of the subject property.

- d. Consideration of Ordinance No. G-1205, City Commissioner Compensation Increase.

City of Junction City

City Commission

Agenda Memo

12-12-2016

From: Allen J. Dinkel, City Manager
To: Governing Body
Subject: Ordinance No. G-1205 City Commissioner Compensation

Objective: Consider an ordinance that would increase City Commissioner Compensation.

Explanation of Issue: The topic of compensation for members of the City Governing Body was discussed during the development of the 2017 City budget.

Budget Impact: Adequate Funding for the increases was included in the 2017 Budget.

Staff Recommendation: This is totally a decision of the City Commission. There is a very wide variance of compensation for City Governing Body members across the State. The amounts being proposed are in line with other cities of all sizes but as always there are those who are higher and those who are lower.

Attachments: Ordinance No. G-1205.

ORDINANCE G-1205

AN ORDINANCE AMENDING SECTION 105.410, ENTITLED “COMPENSATION PAID” OF ARTICLE VI, ENTITLED “COMPENSATION AND SALARIES,” OF CHAPTER 105, ENTITLED “ADMINISTRATION,” OF TITLE I, ENTITLED “GOVERNMENT CODE” OF THE CODE OF ORDINANCES OF THE CITY OF JUNCTION CITY, KANSAS, TO CHANGE TO COMPENSATION TO BE RECEIVED BY CITY COMMISSIONERS

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF JUNCTION CTY, KANSAS:

SECTION 1: Section 105.410 “Compensation Paid” of the Code of Ordinances of the City of Junction City, Kansas is hereby amended to read as follows:

SECTION 105.410: - COMPENSATION PAID

The City Commission is authorized and directed to fix as hereafter provided the salaries and compensation of the several officers and employees of the City. All such officers and employees shall be entitled to compensation in accordance with the budget for such purposes, the same to be allocated as a charge against the several funds appropriated for the payment of the services rendered. Provided, that each Commissioner shall receive the monthly sum of five hundred dollars (\$500.00), and the elected Mayor an additional monthly sum of one hundred dollars (\$100.00), the same to be payable as determined by the Treasurer of the City of Junction City. The increases in compensation provided for by this Section shall be payable only if a Commissioner attends at least eighty-five per cent (85%) of scheduled Commission meetings and is an attending member of any other board or commission to which the commissioner is appointed by the Mayor.

SECTION 2. All ordinances and parts thereof that are inconsistent with any provision of this Ordinance are hereby repealed.

SECTION 3. This Ordinance shall be effective upon publication as required by law.

Passed and adopted by the Governing Body of the City of Junction City, Kansas this 20th day of December, 2017.

- e. Consideration to prepay three years annual maintenance costs for the Unitrends backup device.

City of Junction City

City Commission

Agenda Memo

20 December, 2016

From: [Jim Germann, Information Technology Director](#)
To: **Allen Dinkel, City Manager**
Subject: **Prepayment of Unitrends Device Annual Maintenance Costs**

Objective: To request permission to prepay 3 years of the annual maintenance costs for the Unitrends backup device.

Explanation of Issue: There is currently a special offer from Unitrends that allows for a free device upgrade with the payment of three years of annual maintenance. The city would pay for three years of maintenance with Unitrends, and receive a new 926S Unitrends backup device at no additional cost. The new 926S device has more storage than our current unit and will operate faster as well. This will reduce the time necessary to complete backups of our systems.

This option is only available until 31 December 2016. The cost of a new 926S unit with 3 year support would be \$71,391.00.

Our current Unitrends RC833 device was purchased in December 2013 at a cost of \$28,141.00. At the time of purchase, we prepaid three years of maintenance at a cost of \$27,410.00. To renew the maintenance on our current device, the cost will be \$13,973.70 for 2017 and each additional year after that.

The Information Technology Department is requesting permission to proceed with the payment of three years of maintenance on the Unitrends device at a cost of \$ 31,131.89 to be eligible to receive the device upgrade at no cost.

Budget Impact: Only a portion of this maintenance was included as part of in the 2016 Information Technology Department Budget and which was previously approved by the City Commission during the budgeting process. However, the Department still has additional funding remaining in its budget to proceed with this purchase without exceeding its current budget.

- f. Consider options regarding the Kansas Department of Transportation (KDOT) fencing issue.

City of Junction City

City Commission

Agenda Memo

12-14-2016

From: Allen J. Dinkel, City Manager
To: Governing Body
**Subject: Kansas Department of Transportation (KDOT)
Fencing Issue**

Objective: Consider options regarding fencing which the Kansas Department of Transportation (KDOT) erected as part of the Highway US-77 project.

Explanation of Issue: On Monday, November 21, 2016, I was contacted by John Seitz of the Junction City Area Chamber of Commerce Military Affairs Council (MAC) about a barbed wire fence that was to be erected on KDOT right-way-way adjacent to the Veteran's Administration (VA) Clinic that is constructed to the west of Highway US-77. I contacted the Area Engineer and he told me that he would stop the construction of the fence to the south of the clinic for at least now. I later discovered they had already puts posts in the ground to the south and in other locations along US-77 and during the last two weeks more barbed wire fencing has been erected.

I then made the argument that barbed wire in this application is not allowed in the City. KDOT felt that they do not have to abide by that and said City staff (former Municipal Services Director) a few years ago had not raised any objections during plan review.

This morning we met with KDOT staff. They are using barbed wire due to cost and would like to at leave what is now in place and complete what is being done now. There is other fencing to be done as the project is completed.

I feel we would at least need to modify our codes or make some sort of an exception. I personally think that at least some of the barbed wire near buildings needs to be replaced by either a cable or a chain link fence. They argue that the fencing is needed to define the Highway right-of-way. There was a discussion of the greater speeds that may be allowed on US-77, but

we reminded them that two traffic lights have been added plus the diverging diamond that will slow traffic.

We want to discuss this with the City Commission and City Attorney and staff to decide how we wish to proceed.

Budget Impact: Not applicable

Staff Recommendation: My personal view is that City code does not allow barbed wire in the City limits. KDOT will argue there was some older barbed wire in these areas but that was still back when the area was used as a pasture. I also feel that code needs to be changed to allow such an exception.

- g. Consider Appendix A of the Agreement Between the City of Junction City and the International Association of Firefighters, Local #3309.

City of Junction City

City Commission

Agenda Memo

12-16-2016

From: Allen J. Dinkel, City Manager

To: Governing Body

Subject: Approval of Appendix A of the Agreement by and between the City of Junction City and the International Association of Firefighters, Local #3309.

Objective: Ratify Appendix A of The Agreement by and between the City of Junction City and the International Association of Firefighters, Local #3309 effective dates December 19, 2016 to December 15, 2019

Explanation of Issue: The Agreement by and between the City of Junction City and the International Association of Firefighters, Local #3309 effective dates December 19, 2016 to December 15, 2019 is in the process of contract negotiations.

The process of negotiations began in May. In order to establish the salaries for fiscal year 2017, the Appendix A pertaining to wages has been agreed upon by all parties involved as of June 7, 2016. The salary will increase 1% for each year of the contract. There will also be a step increase for each bargaining member on the first day of the next pay period after their anniversary date. EMS wages will increase 4% in 2017 and 1% in 2018 and 2019. From there on negotiations became more difficult. With the process of hiring a new Fire Chief in the process it was agreed by Captain Jackson of the local #3309 and myself to move forward with the salary portion of the agreement and to discuss the remaining parts of the contract when Fire Chief Johnson was able to provide input as well as direction for the benefit of the Union and the Fire Department. Our goal is to have the negotiations of the remainder of the contract completed by no later than April 1, 2017.

Budget Impact: The salary figures were included in the 2017 budget that was approved in August of 2016.

Staff Recommendation: Since the salaries have been budgeted and the salary schedule is similar to other contracts as well as City intentions for all City employees, approval is recommended

Backup material for agenda item:

- h. Consider the Final Plat of the Peerless Tire Addition to Junction City, Kansas, platting two lots on the south side of 6th Street between Webster Street and Clay Street.

Geary County, Kansas
Board of County Commissioners
Agenda Memo

December 20, 2016

From: David L. Yearout, AICP, CFM, Director of Planning and Zoning

To: City Commission & Allen Dinkel, City Manager

Subject: Final Plat – Replat of Peerless Tire Addition to Geary County, Kansas

Issue: Consideration of **Case No. FP-11-01-16**, the request of Kaw Valley Engineering, agent, on behalf of Peerless Tyre Company and Alan Bontrager, owners, for the platting of the Peerless Tire Addition to Junction City, Kansas.

Explanation of Issue: This case involves the formal platting of two properties that were unplatted along 6th Street. As noted in the staff report, there is an extensive history of this situation and, following efforts to work through the City to bring all the landowners involved, the landowners were subsequently informed it would be necessary for each to have the property platted in order to be eligible for permits for construction in the future. The two property owners in this case have proceeded forward with the platting of these two properties.

As can be seen on this plat, ½ of the alley is being dedicated, as well as other right-of-way along 6th Street to conform to the right-of-way further to the east. At such time as other plats are presented for the other properties between Webster and Clay Street, the intention is to formally obtain the remaining alley and other street rights-of-way along 6th Street and 5th Street.

The Metropolitan Planning Commission considered this request on November 9, 2016. By unanimous vote, the MPC approved the Final Plat of Peerless Tire Addition to Junction City, Kansas, and recommended said Final Plat of Peerless Tire Addition to the City of Junction City, Kansas, be approved by the City Commission.

Alternatives: In accordance with K.S.A. 12-752, for the Final Plat to be approved for recording with the Register of Deeds the City Commission must approve the plat, thereby accepting the dedications granted thereon.

Staff Recommendation: Approve the Final Plat of the Peerless Tire Addition to Junction City, Kansas, as presented, and authorize the Mayor and City Clerk to sign accordingly.

Suggested Motion:

Commissioner _____ moved that the Final Plat of the Peerless Tire Addition to Junction City, Kansas, be approved as presented; and that the Mayor and City Clerk be authorized to sign the plat accepting the dedications thereon, on behalf of the City of Junction City, Kansas.

Commissioner _____ seconded the motion.

**JUNCTION CITY/MILFORD/GEARY COUNTY
METROPOLITAN PLANNING COMMISSION
BOARD OF ZONING APPEALS**

STAFF REPORT

November 10, 2016

TO: Metropolitan Planning Commission / Board of Zoning Appeals

FM: David L. Yearout, AICP, CFM, Director of Planning and Zoning

SUBJECT: FP-11-01-16 – Request to consider the Final Plat of Peerless Tire Addition to Junction City, Kansas, for property at 621 and 625 West 6th Street.

This is the request of Kaw Valley Engineering, agent, on behalf of Peerless Tyre Company and Alan Bontrager, owners, for the platting of the Peerless Tire Addition to Junction City, Kansas.

This platting involves creating two lots on the south side of 6th Street. This property has never been platted. There are other lots in this portion of the City that are in the same situation. Attempts have been made to get this area platted all at one time, especially since the lack of platting has resulted in no “legal” alley existing in the unplatted portion of this block.

As some background, staff has determined this area was annexed into the City of Junction City in 1916. Under the laws in effect at that time, it was required to “map” the area being annexed, so the City Engineer prepared a “plat of survey” for this area showing the ownership of the various “tracts” to be annexed. This became part of the annexation which ultimately was recorded with the Register of Deeds. The land involved has apparently been considered to be “platted” ever since; however, the properties are not “legally platted as a subdivision”.

The 1916 annexation included the block to the north and two other blocks to the west. Most of those areas were subsequently platted, but this area was not. Subsequent to the 1916 annexation, right-of-way for Clay Street between 6th Street and 5th Street was acquired and the Street was built, sometime in the 20’s. However, no effort has ever been made to establish the alley, even though the City did obtain a 10-foot easement for the sanitary sewer line in 1953 within the area used as the “alley”.

Attempts have been made to have the City cover the costs to plat this area and obtain the alley, as well as additional right-of-way along 6th Street and 5th Street; however management has not approved that expenditure. Hence, the landowners were advised they needed to plat themselves. This is the first presentation of a plat from landowners in this area.

The plat review meeting was held on November 3, 2016, representatives from the City, Westar and Kaw Valley Engineering discussed the background and actual conditions in this area. All wished there was a commitment to “fix” this entire area; however no one was prepared to provide the funds to do so.

The only comment noted was to designate the dedication of the “half” alley to also be for utility purposes.

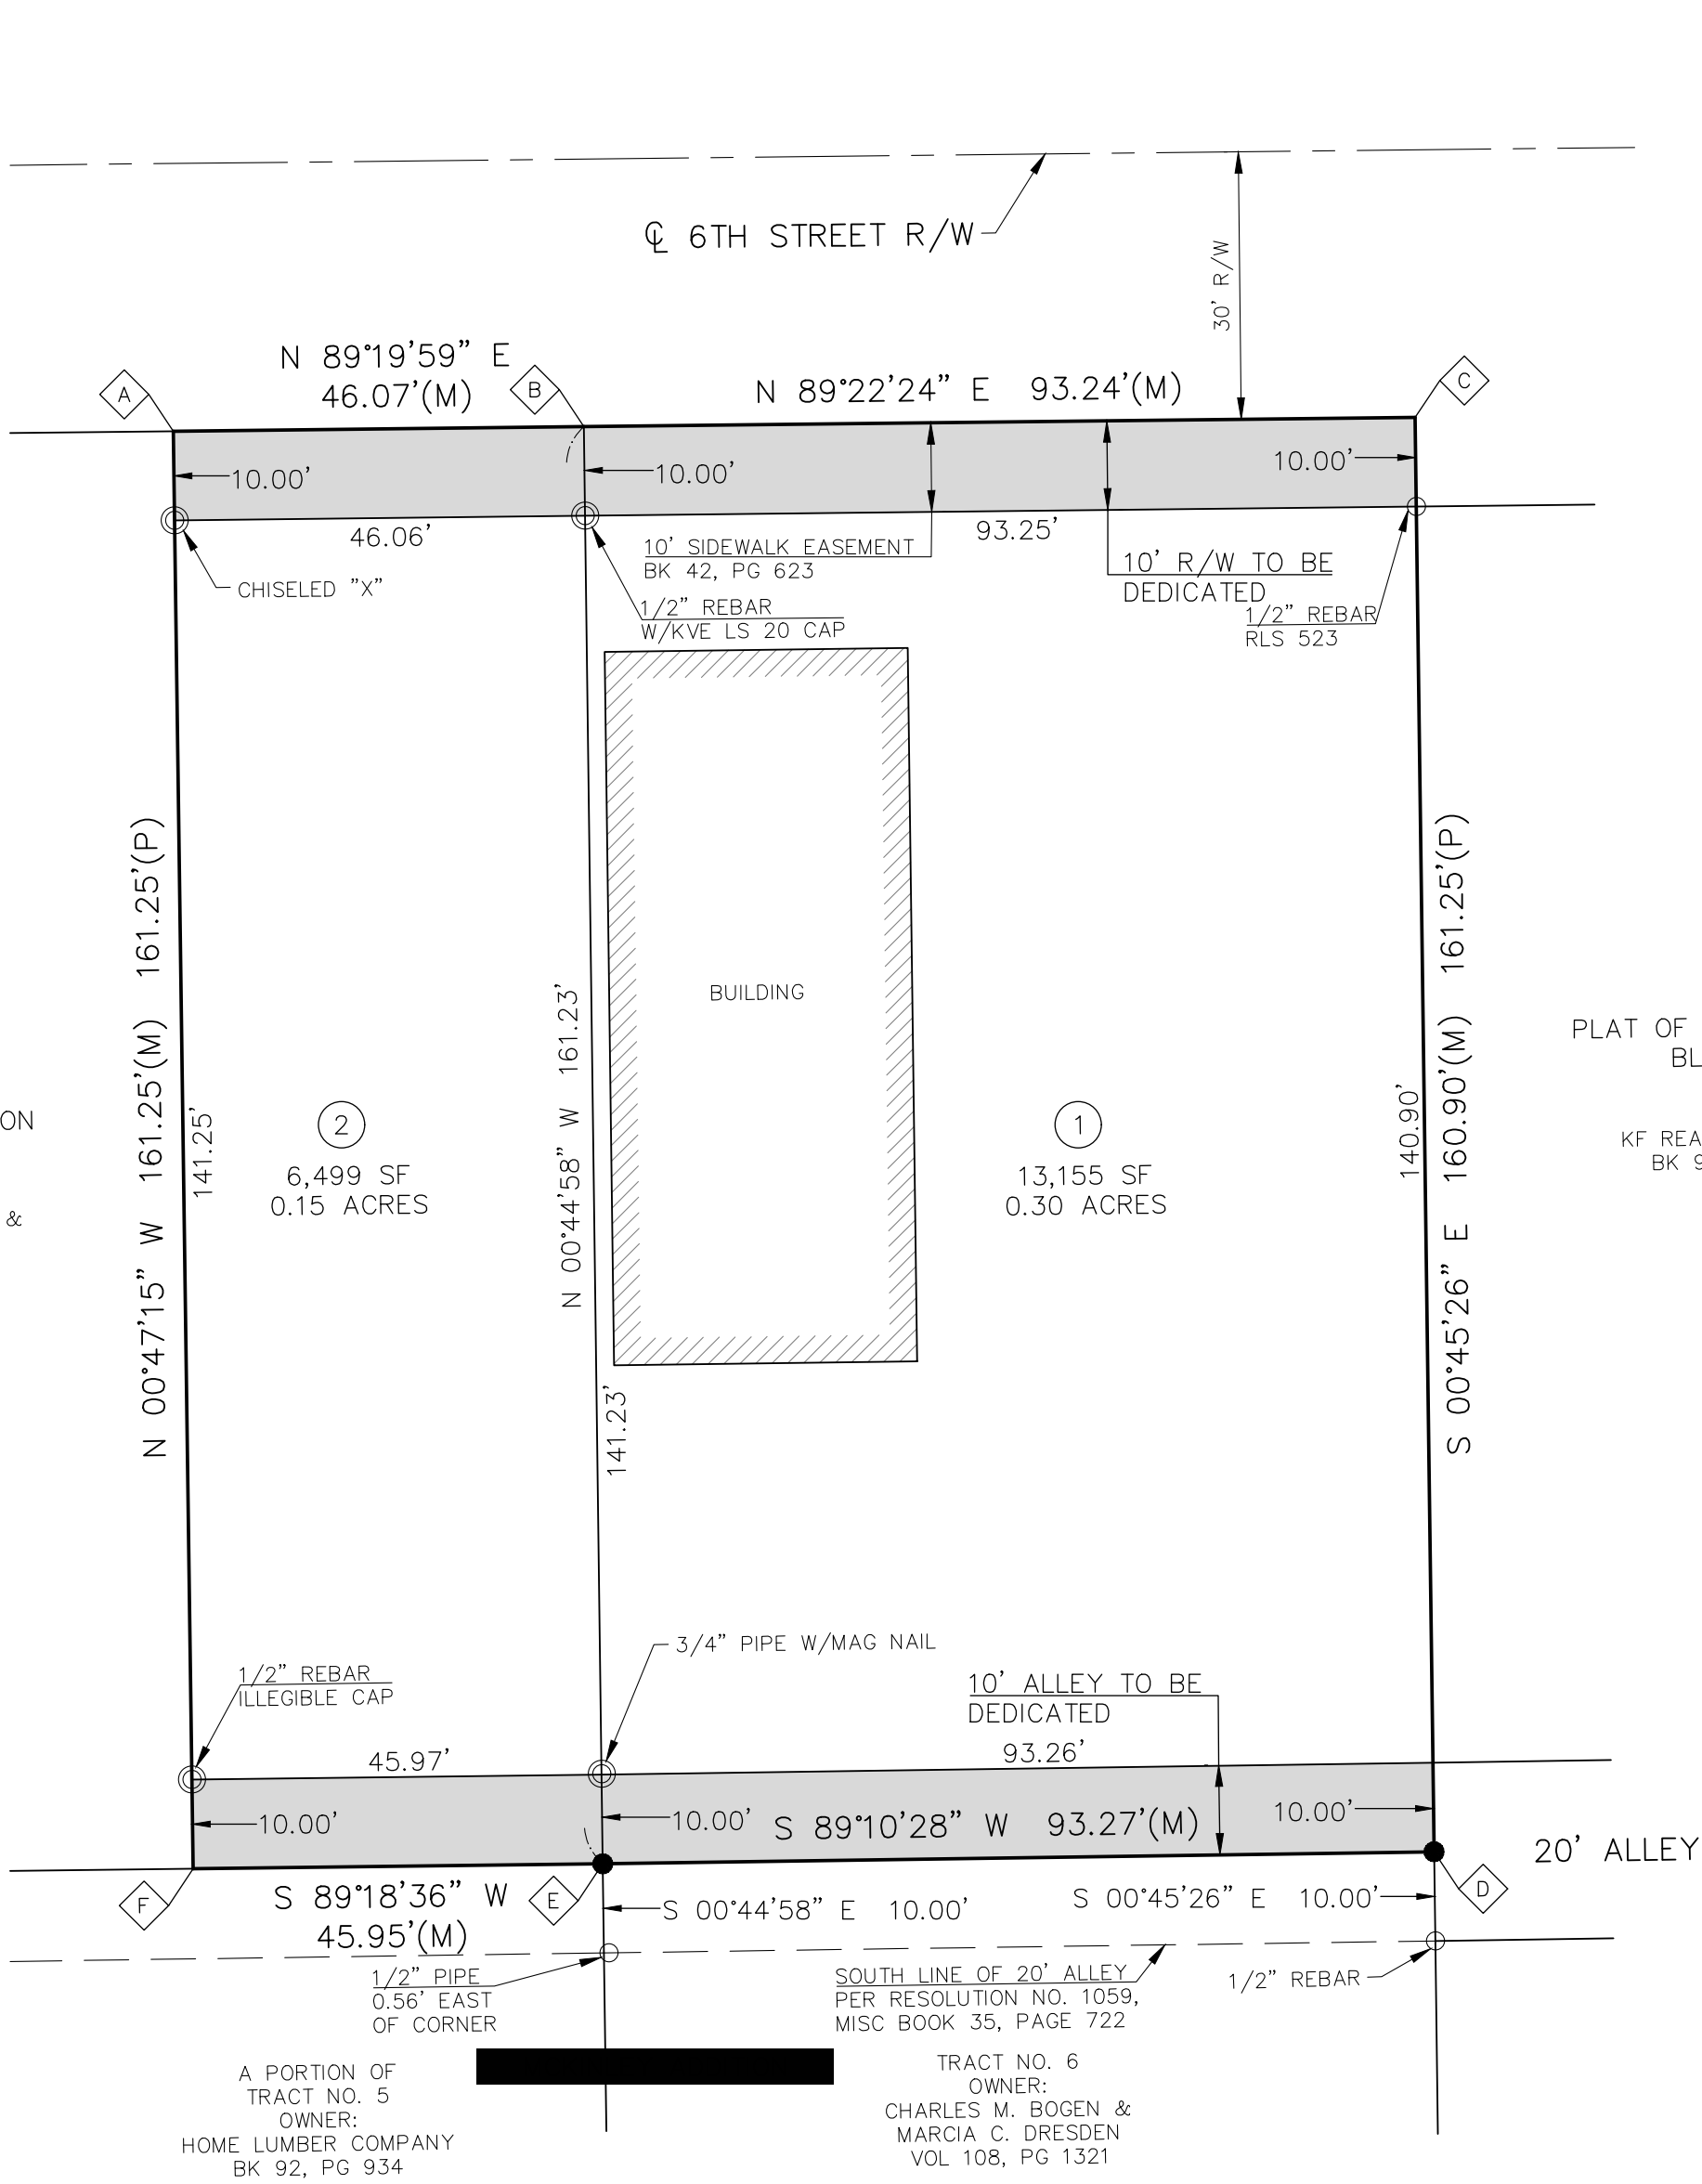

Staff Recommendation:

Staff recommends the request of Kaw Valley Engineering, agent, on behalf of Peerless Tyre Company and Alan Bontrager, owners, for the platting of the Peerless Tire Addition to Junction City, Kansas, be approved

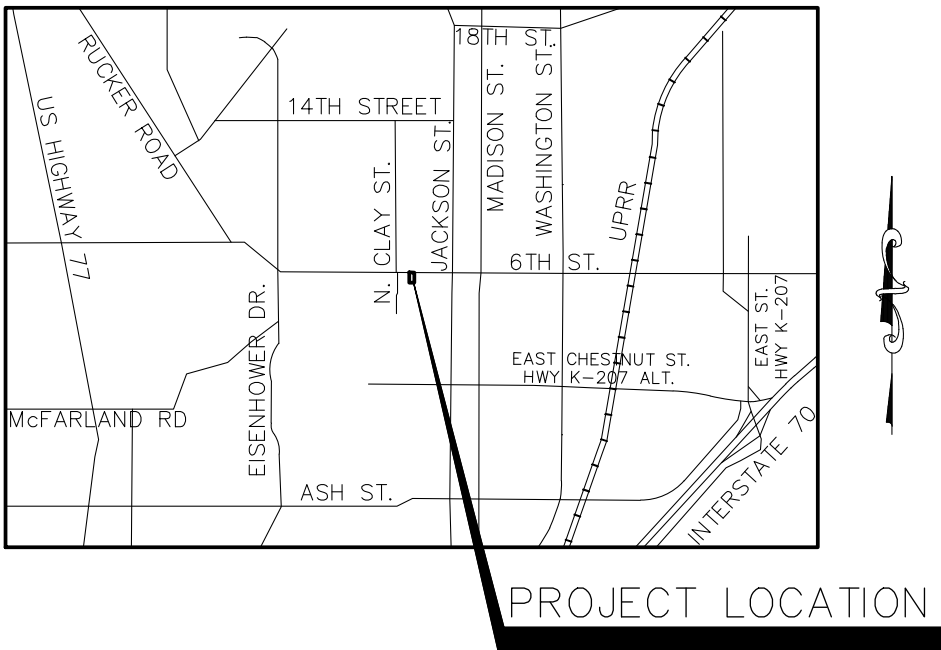

and the Chairman and Secretary be authorized to sign the plat; and the plat be forwarded to the City Commission of Junction City for final approval and acceptance, subject to the final plat reflecting any changes needed for the alley as stated above.

Suggested Motion:

I move that Case No. FP-11-01-16, the application of Kaw Valley Engineering, agent, on behalf of Peerless Tyre Company and Alan Bontrager, owners, for the platting of the Peerless Tire Addition to Junction City, Kansas, be approved and the Chairman and Secretary be authorized to sign the plat; and the plat be forwarded to the City Commission of Junction City for final approval and acceptance, subject to the final plat reflecting any necessary changes to the alley as stated in the staff report, based on the findings outlined in the staff report and as heard at this meeting.

1. CALL TO ORDER & ROLL CALL

Chair Gustafson called the meeting to order at 7:00 p.m. and declared a quorum present with the exception of Commissioner Watson, who had given notice of intended absence; and Commissioner Underhill.

2. APPROVAL OF MINUTES – Consideration of the October 13, 2016, minutes.

Commissioner Mortensen moved to approve the minutes as written. Commissioner Edmiston seconded the motion and it carried unanimously.

2. OLD BUSINESS ~ None

3. NEW BUSINESS

Item No. 1 – Case No. VC-11-01-16 - Public Hearing to consider a Vacation of a road right-of-way.

Chair Gustafson opened the public hearing, announced the case and called for the staff report.

Mr. Yearout stated this is the application of James Nagel and the other landowners adjacent, requesting the vacation of the platted street (Eastgate Drive) in the Rockwood Subdivision Unit 1 and the Rockwood East Unit No. 1, Geary County, Kansas.

Mr. Yearout stated the right-of-way for this road was included on both plats which were filed in July of 1972 (Rockwood); and July of 1994 (Rockwood East) was intended to connect Old Milford Road and McGeorge road; however, this road did not get constructed at that time.

Mr. Yearout stated this case was initiated when Mr. Nagel approached staff about constructing an accessory building in the platted right-of-way for the proposed Eastgate Drive. Staff explained a building permit could not be issued because Mr. Nagel did not own the platted right-of-way; however, the property owners did have the legal right to petition to vacate the platted right-of-way. Staff provided the documentation and explained the procedure for vacating street right-of-way and Mr. Nagel carried the

petition for vacation to the three other property owners involved, who also petitioned for the vacation.

Mr. Yearout reiterated the “finding” concerning any vacation request, which is outlined in the staff report. Mr. Yearout also stated this matter was discussed on November 3rd as a part of a “plat review” meeting. Dennis Cox, Geary County Public Works Director, was also present. Mr. Yearout stated there are no utilities within the right-of-way according to the utility companies present at the meeting. As such, there are no specific “utility” conflicts at this time.

Mr. Yearout reviewed an aerial of the overall area and explained different possible development locations, optional roadways, and the preliminary plans from KDOT for future reconstruction of the intersection of K-57 and US-77 call for the rerouting of US 77 onto Mockingbird Road in the County Meadows development, then north to K57 with the intersection of Eagle Ridge Road. When that occurs, all the adjacent properties undeveloped, principally owned by Mr. Bontrager and Mr. Smith, will be prime for development.

Mr. Yearout explained no one can predict how this area will eventually develop; however, if this right-of-way is vacated and it was determined the future development would be best designed utilizing a public road at this location, the only recourse would be to purchase the required right-of-way. As such, it is staff’s belief this is a reasonable basis for finding public harm in the vacation and to recommend denial of the petition to vacate the right-of-way to the Board of County Commissioners.

A brief discussion ensued between Commissioners and staff on all the issues outlined in the discussion, especially on having these roads constructed at the time of platting. Mr. Yearout stated he did not know why this road was never constructed, but that is not necessarily the issue.

There being no further questions of staff or discussion, Chair Gustafson opened the hearing for public comment.

Thaddeus Menold, 7518 McGeorge, stated this area was overgrown with weeds and trashy when they moved to their home. He and his family cleaned up the area, put in sod, and have been maintaining the area ever since. Menold indicated the neighbor’s water meter is on their property and it would have to be torn up if the road is put in. He stated there really is no cul-de-sac at the end of McGeorge Road as there should be, and the mail boxes sometimes get knocked down. Mr. Menold stated he did not believe a road could not be constructed because of EPA dictates concerning the drainage on Mr. Bontrager’s property. Mr. Menold was unsure of all the particulars, just remembered he was told something about an EPA issue. Mr. Menold asked the Commission to recommend in favor of the requested vacation so the four property owners who are maintaining this land area can own that land.

James Nagel, 7503 Old Milford Road Milford Road, stated his family have owned their property since 2000. Old Milford Road is a heavily used road. He did not believe it would ever be necessary to put a road at this location. He believed, when looking at all the area, it was not that big a deal to drive another thirty seconds south on McGeorge to Meadowvale Road, rather than put in another public street next to him. Mr. Nagel stated they have hauled off a lot of debris from this area and have mowed this property for the

past 10-15 years even though they do not “own” it because they want the area to look nice. The County is responsible for maintaining this area; however, they have not done so. Like Mr. Yearout stated, we are here today because a building permit could not be issued for the proposed location of a storage shed. Mr. Nagel urged the Commissioners to recommend in favor the requested vacation.

In response to a question from Chair Gustafson, Mr. Nagel stated the proposed shed will be for storage of personal items.

Sarah Nagel, 7503 Old Milford Road, stated they have lived there for 16 years and have picked up a lot of trash along Old Milford Road over the years. She stated she did not understand why any potential development could not come off of US-77. Mrs. Nagel stated this is a quiet neighborhood and cannot see the need for a road at this location when there is a crossover road just down the block. Mrs. Nagel reiterated that they were told there was to be a cul-de-sac at the end, but that never materialized. Mrs. Nagel asked the Commission to recommend in favor of the vacation.

Bryan Bennett, 7515 Old Milford Road, stated he was born and raised here and has watched how Alan Bontrager has developed. Mr. Bennett talked about different development in the area and how he believes the property still owned by Mr. Bontrager is a ‘pie in the sky’ waiting to be developed and feels it will not happen. He suggested there should be a time limit on development of the area and put this piece of property back on the tax rolls. Mr. Bennett reiterated that the four neighbors have maintained this right-of-way all these years and the “proposed” Eastgate Drive is not going to be any benefit to the development of Mr. Bontrager’s property. Mr. Bennett asked the Commission to recommend the right-of-way be vacated.

There being no further appearances, Chair Gustafson closed the public hearing.

Chair Gustafson asked if the area were vacated, would the property owners have to purchase the ground from the County. Mr. Yearout explained, if vacated, the property is divided equally among the bordering property owners and there is no cost, other than recording of the vacation order, to the property owners.

Mrs. Nagel spoke up and said ‘they’ (all four property owners) are willing to purchase the property. Mr. Yearout explained that is not how a vacation works. The original property owner dedicated the right-of-way; therefore, if ever vacated and based on state law, the vacated land is redistributed to the adjacent properties.

Discussion continued between the Commissioners and staff centered on the fact these two subdivision were filed in 1972 and 1994 and the County never required this road to be built. Some commissioners expressed concerns with the inability of these four property owners to fully utilize the land they are maintaining and that there was some lack of belief further development would ever occur in this area.

There being no further comments, Chair Gustafson called for a motion.

Commissioner Carlyon moved that Case No. VC-11-01-16, the request for vacation of the platted street right-of-way for Eastgate Drive in the Rockwood Subdivision Unit No. 1 and the Rockwood East Unit No. 1 be recommended for **approval** by the Board of County Commissioner of Geary County, Kansas, based on the finding the public will

suffer loss or inconvenience by such vacation, for the reasons stated in the Staff Report, and as heard at this public hearing. Commissioner Edmiston seconded the motion and it carried by the following vote: Ayes – Gustafson, Carlyon, Dibben, Edmiston; Nay – Mortensen.

Item No. 2 – Case No. VC-11-02-16 - Public Hearing to consider a Vacation of a street right-of-way.

Chair Gustafson opened the public hearing, announced the case and called for the staff report.

Mr. Yearout stated this is the application of Jon Preekett and the other four landowners adjacent, requesting the vacation of a portion of the street right-of-way for 14th Street located in the 800 and 900 blocks of West 14th Street, Junction City, Geary County, Kansas.

Mr. Yearout stated Mr. Preekett applied for a permit to place a fence at the end of his sidewalk; which he believed was his property. In actuality, his property line apparently is slightly in front of the porch of his home and the new walk to the mailbox is fully in the street right-of-way. Staff explained, the only way to obtain this land is to petition to vacate the right-of-way. Just as for the last case, Mr. Preekett, along with the bordering property owners, submitted this application.

Mr. Yearout reviewed the past history of the creation of 14th Street as set out in the Staff Report, which involved various plats and other changes to the alignment to 14th Street in this area.

Mr. Yearout stated this case was also discussed on November 3rd with representatives from the City and utility companies. The City, Westar and Kansas Gas all have utilities within the right-of-way proposed to be vacated. Mr. Yearout stated maps showing the location of all the utilities (electric, gas, water and sewer) are attached to the staff report. The maps indicate the 'lines' are basically located in front of the 'sidewalk' area from the applicant's home; however, exact survey measurements are not available.

Mr. Yearout concluded by stating, as fully outlined in the staff report, staff and all utility providers are recommending the MPC submit a recommendation of denial to the City Commissioners due to the fact the public will suffer and be inconvenienced by such vacation, specifically due to existing public utility lines.

There being no questions of staff, Chair Gustafson opened the hearing for public comment.

Jon Preekett, 902 West 14th, stated he had the utility companies come out and mark their respective lines in front of his property. Mr. Preekett stated he would like to install a decorative fence out of hedge posts. Mr. Preekett stated they keep the grass cut and put the rocks back (Mr. Preekett showed some photos to the Commissioners). Mr. Preekett stated there are potholes 6 inches or more in depth in the portion of 14th Street in front of his home, there are overgrown areas in the street, and that he didn't believe it was right that he didn't have the right to rip it out and make it look good. Mr. Preekett stated he actually only really wanted the area from the front of the house to the end of the walk.

In response to questions, Mr. Preekett stated the proposed fence would not go over any utility lines and would be about waist high. Mr. Preekett stated the map he provided from the GIS department, for information only, shows the current dedicated right-of-way cross-hatched. The aerial showed his walk which would be maybe 20 feet into the right-of-way.

Discussion between Commissioners and Mr. Preekett touched on other fences in the area and how the neighbor's houses are built slightly back further.

Steve Fuelbeth, 830 West 14th, stated he just recently bought this property from Roy Fausnett. He indicated his property would benefit the most by this vacation because approximately the west 23 feet of the original platted lot in Cuddy's Addition is shown to be in the expanded right-of-way. Mr. Fuelbeth stated he would like to see the 'circular' drive fixed but doubts if the City would be willing to spend the necessary money. Mr. Fuelbeth stated he had no objection to the proposal by Mr. Preekett. If this area is vacated, would have to make sure the current drive did not get shut off.

Stephanie Preekett, 902 West 14th, stated their property line looks like it goes across their front porch steps. She reiterated they only want to have a front yard with a nice fence.

There being no further discussion, questions or appearances, Chair Gustafson closed the public hearing.

Discussion ensued on the possibility of only vacating a portion of the right-of-way and what would be required. Mr. Yearout stated the property owner would need to have a survey done to show his property lines, location of the house, walk, and distance from property line into the right-of-way needed; and verification no utility lines are in the area to be vacated. If any of the right-of-way is vacated, it reverts back to the adjoining property owner.

Commissioner Mortensen moved that Case No. VC-11-02-16, the request for vacation of a portion of the platted street right-of-way for 14th Street in the Miller's Addition and Rather Addition be continued to the regular December, 2016, meeting to provide the applicant additional time to identify the exact right-of-way footage desired in front of his house and acquire survey accurate measurements of his property and the additional front yard desired. Commissioner Dibben seconded the motion and it carried unanimously.

Item No. 3 – Case No. FP-11-01-16 – Consideration of Final Plat, Peerless Tire Addition.

Chair Gustafson announced the case and called for the staff report.

Mr. Yearout stated this is the application of Kaw Valley Engineering, agent, on behalf of Peerless Tyre Company and Alan Bontrager, owners, seeking approval of the proposed Final Plat for Peerless Tire Addition, being an unplatted portion of Tract No. 11, McKinley Addition; located at 621 West 6th Street, Junction City, Kansas.

Mr. Yearout stated Peerless Tire, located at 623 West 6th Street, was cited with a blight notice because of outside storage of old tires. The owner applied for a fence permit which was denied because this property had never been platted.

Mr. Yearout stated the staff report outlines all the efforts and difficulties encountered to getting this area platted. Basically, there are eight properties west of Clay Street, between 5th and 6th Street, which have never been platted. After numerous conversations with the utility companies and the City on a proposal to do a combined plat, with the cost being shared between the utility companies and the City, that effort did not come to fruition. This put the platting requirement back on the landowners. In order to obtain a building permit for an enclosed area for their tires and avoid blight penalties, Peerless Tire contracted with Kaw Valley to plat their property. Mr. Bontrager, who owns the property to the west of Peerless Tire, joined in the platting process.

Commissioners asked and commented, it would have made sense to plat all the properties at one time. Mr. Yearout stated, after the utility companies refused to participate, the City Manager also pulled any city support in getting the area platted. Thereby, leaving the remaining six properties to face the need to plat if anyone ever applies for some type of city permit.

There being on further comments, Chair Gustafson asked if there was anyone in the audience wishing to speak on this matter.

Alan Zumbrunn, 2319 North Jackson, stated Mr. Yearout had thoroughly reviewed the proposed plat and was present to answer any questions the Commission may have.

There being no questions, comments or discussion, Chair Gustafson called for a motion.

Commissioner Carlyon moved that Case No. FP-11-01-16, the application of Kaw Valley Engineering, agent, on behalf of Peerless Tyre Company and Alan Bontrager, owners, for the platting of the Peerless Tire Addition to Junction City, Kansas, be approved and the Chairman and Secretary be authorized to sign the plat; and the plat be forwarded to the City Commission of Junction City for final approval and acceptance, subject to the final plat reflecting any necessary changes to the alley as stated in the staff report, based on the findings outlined in the staff report and as heard at this meeting. Commissioner Mortensen seconded the motion and it carried unanimously.

4. BOARD OF ZONING APPEALS ~ No Cases

5. GENERAL DISCUSSION

Item No. 1 – Request of Junction City City Commission to review setback requirements in Junction City Zoning Regulations.

Chair Gustafson asked for the staff report.

Mr. Yearout stated, at the request of the City Manager, the Junction City City Commission requested the Metropolitan Planning Commission review the setback requirements in the Zoning Regulations.

The Commissioners and staff discussed the issues outlined in the staff report. Commissioners felt there was a need for additional information prior to determining whether or not the City's regulations need amending. The consensus was to table this issue to the next meeting.

Commissioner Mortensen moved to continue discussion on this matter to the regular December, 2016, meeting. Commissioner Dibben seconded the motion and it carried unanimously.

6. ADJOURNMENT

Commissioner Mortensen moved to adjourn. Commissioner Edmiston seconded the motion and it carried unanimously. Chair Gustafson declared the meeting adjourned at 9:00 p.m.

PASSED and APPROVED this 8th day of December 2016.

Maureen Gustafson, Chair

- i. Discuss the proposed demolition of the Highway K-18 Bridge over Highway US-77.

City of Junction City

City Commission

Agenda Memo

12-16-2016

From: Allen J. Dinkel, City Manager
To: Governing Body
Subject: Highway K-18 Bridge Demolition

Objective: Discuss the proposed demolition of the Highway K-18 Bridge over Highway US-77.

Explanation of Issue: This morning I received the e-mail below from Ryan Blosser of Hamm, Inc.

Allen-Hamm is proposing to KDOT, a 12 hour closure of US 77, to blast the K18 bridge down for removal. The issue we are facing is that KDOT does not have an agreement with the City to Detour US 77 on to planned detours. I am attaching the proposed plan detour that would be in effect for 12 hours from 7 p.m. to 7 a.m. on a Friday night in January. The exact date has not been determined yet. From what I have witnessed there will very little traffic that will detour onto the City streets, and with the cold temperatures it is very unlikely there would be any damage to the streets. I believe that it is a very strong possibility that if you allow this detour, K18 could be open well before the Nov 2017 and the credit for that would be the City's.

I am attaching another plan sheet of the Pond, with the request to bury the bridge in a designated area that could use some improvement. The area is a deep ravine that could stand to be filled up. Lastly, I planned to build the road in the pond with Asphalt waste removed from the project. This would allow for an all-weather road into the area after the construction is complete.

It is my understanding that the City Council meeting is Dec 20th, so I wanted to get this in front of you before then. Please let me your thoughts and if you have any questions my number is below.

Thank you,

Ryan Blosser

There are a few issues to consider. One is to allow the detour for one 12 hour period. The contractor feels by demolishing the bridge in this fashion they can move along faster and complete the project sooner.

The demolition of the bridge is one where they will have to get permitted through the Fire Department. Chief Johnson has already been developing procedures to follow.

The third is the burying of the concrete at Helland Park and any improvements they wish to make.

I only received this request today and have had very little time to research all of the possible issues. I will work with Kaw Valley Engineers on this.

Budget Impact: Not applicable

Staff Recommendation: I am still gathering needed information.

Attachments: Detour route; Pond plans.

US-77 / K-18 Interchange Reconstruction
Proposed K-18 Bridge Removal Detour Route

Mark –

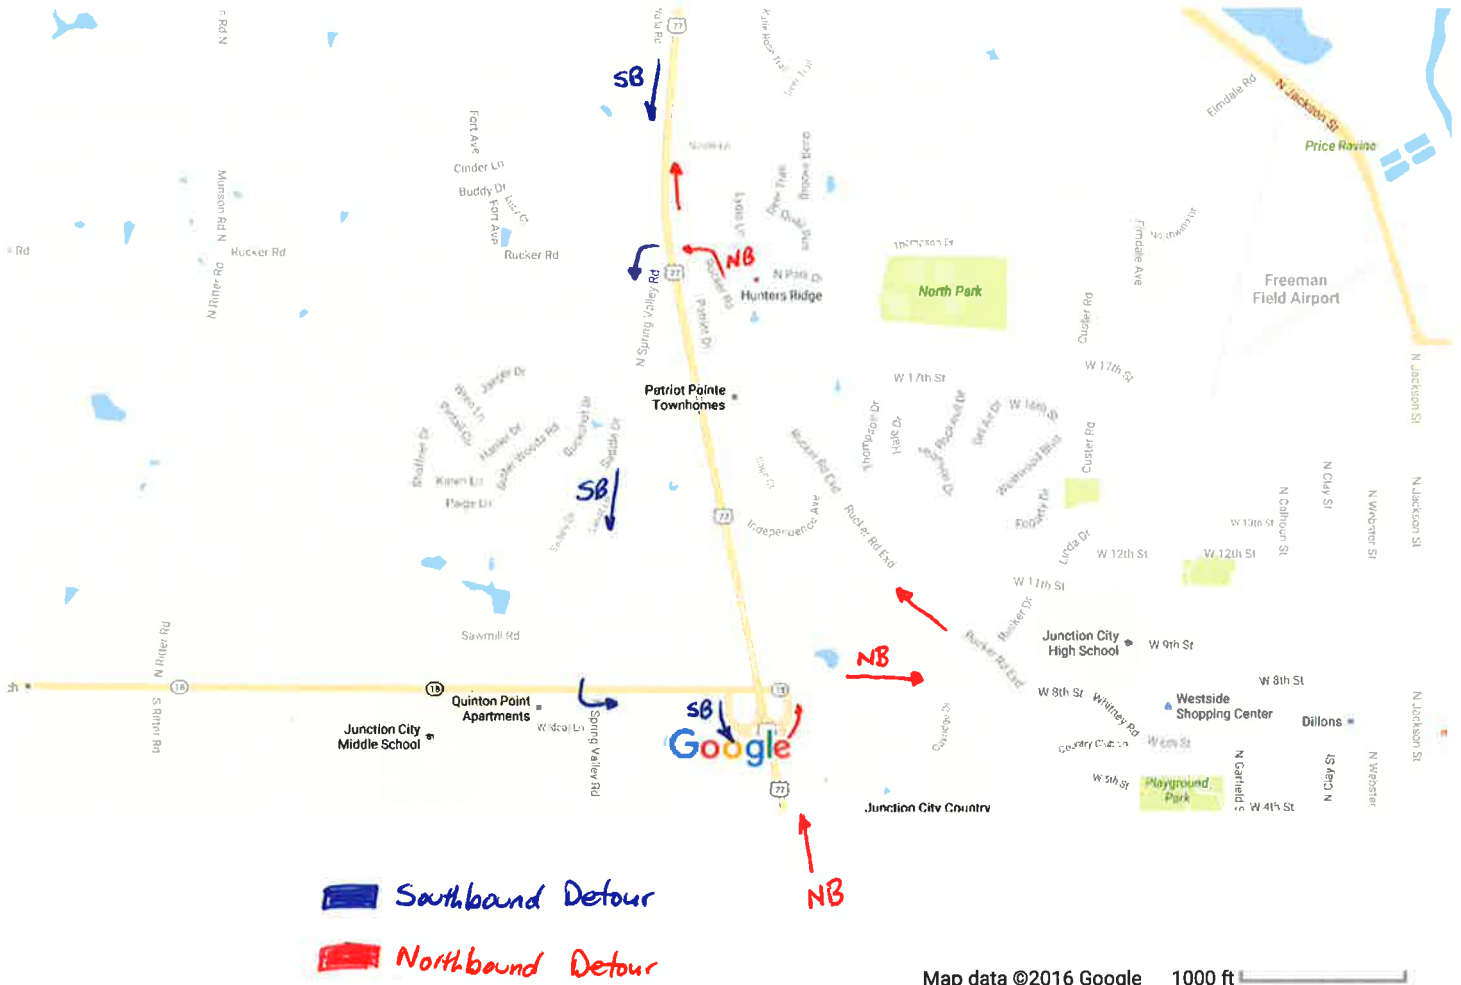

As a follow-up to the construction meeting on December 1, we would like to offer the following details regarding the detour route necessary for the K-18 bridge removal.

During the 12 hour closure on US-77, we would propose the following detour route. Northbound traffic on US-77 will exit on the existing northbound exit ramp to K-18 (8th St.). Traffic will proceed east on 8th St. to Rucker Road, then travel north on Rucker and rejoin US-77. Southbound traffic on US-77 will exit at Rucker Road and turn west to Spring Valley Road, then go south on Spring Valley Road to K-18. After turning east on K-18, traffic will utilize the existing southbound on ramp and continue to US-77. The attached maps show the proposed detour routes. When it comes time to perform the blast on the bridge, traffic will be controlled so that no vehicles will be within 800' of the bridge.

Thank you,
HAMM, INC.
